## EDUCATION

### Maharaja Agrasen Institute Of Technology (GGSIPU)

Electronics and Communication Engineering

CGPA : 8.42

Rohini, Delhi

Nov 2021 - June 2025

## TECHNICAL SKILLS

**Programming Languages:** SQL, C++

**Frontend:** HTML, CSS, JavaScript, React.js

**Backend:** Node.js, MongoDB, Express.js

**Libraries and Tools:** Postman, Git, VScode

**Cloud/Databases:** Relational Database(mysql)

**Relevant Coursework:** Data Structures and Algorithms, Object Oriented Programming, Database Management System, Operating Systems.

**Soft Skills:** Competitive Programming, Self-learning, Presentation, Adaptability

## WORK EXPERIENCE

### Advanced Software Engineering Virtual Intern

WALMART GLOBAL, India

July 2023 - Aug 2023

- \* Engaged in a virtual internship at Walmart Global, focusing on Advanced Software Engineering. Collaborated with cross-functional teams to address real-world challenges, enhancing software development skills and gaining insights into industry best practices.
- \* Completed the internship, showcasing adaptability in a dynamic work environment and making significant contributions to project objectives, which further deepened my understanding of software engineering principles.

## PROJECTS

### Modern GPT-3 Application

- \* I developed the frontend of a modern GPT-3 application using ReactJS and implemented the CSS BEM (Block Element Modifier) methodology for effective styling.
- \* The application incorporates responsive web design principles and prioritizes user interface (UI) and user experience (UX) design.
- \* This project demonstrates my proficiency in frontend development with ReactJS and showcases my ability to create visually appealing and user-friendly interfaces.

### FITNESS APP

- \* Created an interactive user interface with React.js, providing users with an engaging and intuitive fitness experience.
- \* Implemented user registration and login functionality to personalize workout plans and track progress.
- \* Designed a user friendly dashboard for goal setting, workout planning, and performance analysis.

## ACHIEVEMENTS

- Cleared NDA exam and called for SSB interview twice.
- Champion in 1 college cricket tournament, runner-up in 2 others. Represented district level team as well.
- Solved around 500 coding questions in all platforms included.
- Ranked as a 5-star coder on HackerRank.

## CERTIFICATIONS

- DATA STRUCTURE AND ALGORITHM from [Code Help](#)
- Machine Learning From [1Stop.ai](#)
- Structured Query Language (SQL) From [Udemy](#)
